AEF at the 2025 Ibrahim Governance Weekend

#MIFMarrakech

1-3 JUNE 2025

The Ibrahim Governance Weekend (IGW), the flagship event of the Mo Ibrahim Foundation, will be held in Marrakech, Morocco from 1-3 June 2025.

This annual event brings together top leaders from across Africa and beyond to engage in critical discussions on the continent's progress. With a focus on committed leadership and sound governance, the IGW is a crucial platform for tackling pressing issues facing Africa.

The 2025 edition will take a strategic focus on finance, acting as an important milestone directly ahead of the 4th International Conference on Financing for Development, taking place from 30 June to 3 July in Sevilla, Spain.

From the reform of the global financial architecture and global tax to combatting illicit financial flows and strengthening carbon markets, sustainable finance has emerged as a cross-cutting theme for the Africa-Europe Foundation and its multistakeholder Strategy Groups, analysing the best bets for both resource mobilisation and allocation.

Programme

The Africa-Europe Foundation's proposed programme combines meetings of high-level personalities from Africa and Europe, with dedicated sessions on areas of cooperation that hold promise.

Sunday 1 June

9.00 – 10.30

Co-driving international tax cooperation with South Africa's G20 presidency

Together with South Africa's National Treasury, the Tax Justice Network Africa and members of the Africa-Europe Working Group on Illicit Financial Flows, this strategic dialogue **will look to define the future of international tax cooperation, streamlining conversations to strengthen domestic resource mobilisation and bridge SDG financing gaps.**

With 2025 marking the 10-year anniversary of the Mbeki Report on illicit financial flows from Africa, it serves as a reminder that growing conversations at the UN and G20 on internal revenue collection and the reform of international financial frameworks must also be complemented by coordinated efforts to counteract illicit flows.

11.30 – 13.00

High-Level Group of Personalities Meeting

The bi-annual meeting of AEF's High-Level Group brings together personalities from Africa and Europe, in addition to the co-chairs of AEF's strategy groups and the CEOs of partners affiliated with AEF's multi-annual programming (i.e. global foundations and regional institutions). It offers an opportunity to officially launch the second edition of the State of Africa-Europe Report 2025 and to present key findings on sustainable financing and investment strategies of particular relevance to the 4th International Conference on Financing for Development taking place in Sevilla, Spain from 30 June to 3 July.
